Helpful Hints

- All CompHub cases are comprised of a prefix of the process abbreviation and a suffix of the number (e.g. TMB-123 is Termination of Medical Benefits case # 123). It is useful to keep a record of these numbers as you can search for these cases from the CompHub inbox.
- Do not submit duplicate requests for the same action (e.g. filing two Registration applications on the same account). Doing so will block you from submitting another request.
- Cancel any cases you do not plan to submit: Click cancel request on the right hand sidebar under "Events" or in the bottom right hand corner if using Claim at a Glance.
